

2007

BREAST SEMINAR SERIES

INTERNATIONALLY RENOWNED FACULTY

LÁSZLÓ TABÁR, M.D., F.A.C.R. (Hon).

Course Director

Professor of Radiology

INTERDISCIPLINARY CONFERENCE on the diagnosis and treatment of early stage, nonpalpable breast cancer

IN

Taipei, Taiwan,
Febr 8 - 10TH, 2007

Designed for:

- Surgeons
- Pathologists
- Radiologists
- Gynecologists
- Medical and radiation oncologists
- Primary Care Physicians
- Administrators

interested in learning the current concepts of diagnosis
and management of early stage, mammographically
detected breast cancer

The emphasis in this course is on the team approach of diagnosing and treating
mammographically detected, non-palpable breast cancers..

16 HOURS OF CATEGORY I CME CREDITS

For more information and registration please contact: Mammography Education, Inc.

Phone: (480) 419 0227

Fax: (480) 419 0219

Interdisciplinary Conference: The team approach as a solution to the challenges of the modern health care era

PROBLEMS IN THE DIAGNOSIS AND TREATMENT OF MAMMOGRAPHICALLY DETECTED, EARLY, NONPALPABLE BREAST CANCERS

- DCIS and nonpalpable breast cancers: diagnostic criteria and therapeutic challenges
- New therapeutic options in early stage breast cancer
- Axillary dissection: re-evaluation of its role in nonpalpable breast cancers
- Interventional diagnostic procedures: indications for large core needle biopsy and FNAB
- Emphasis upon effective teamwork

TARGET AUDIENCE

- Surgeons
- Radiologists
- Pathologists and Cytopathologists
- Medical and Radiation Oncologists
- Gynecologists / Primary Care Physicians
- Administrators

26 HOURS OF CATEGORY I CME CREDITS

COURSE REGISTRATION:

Febr. 8-10th, 2007 Taipei, Taiwan

First name: _____

Last name: _____

M.D., specialty: _____

Other, please specify: _____

Home address: _____

City: _____ State: _____

Zip: _____ Country: _____

Phone (office): _____

Phone (home): _____

Fax: _____

TUITION:

- Physicians / Administrators: \$490
- Residents / Military: \$450 (verification required)
- Technologists: \$450

PAYMENT:

- Please make check or money order in U.S. funds payable to MAMMOGRAPHY EDUCATION, INC.
- Mail payment and registration form to:
Mrs. Lisa Bonsignore, Corporate Manager
MAMMOGRAPHY EDUCATION, INC.
4429 E. Spur Dr.
Cave Creek, AZ 85331 USA

Phone: (480) 419 0227
Fax: (480) 419 0219

CANCELLATION POLICY:

If it is necessary to cancel a registration, for any reason, please notify M.E.I. IN WRITING 30 DAYS PRIOR TO COURSE DATE to receive a 50% refund. To transfer from one course to another, a \$75 administrative fee will be charged. We can only hold tuition for 1 year.

2007
INTERDISCIPLINARY CONFERENCE
Diagnosis and Treatment of Nonpalpable
Breast Cancers

László Tabár, M.D.,
Professor of Radiology
Course Director

Faculty

Surgeon:

Blake Cady, M.D., F.A.C.S.
Professor of Surgery
Brown University, RI., U.S.A.

Radiologist:

László Tabár, M.D., F.A.C.R. (Hon).
Professor of Radiology
Medical Director, Department of Mammography
Falun, Sweden

Pathologist:

Lee Tucker, M.D., F.C.A.P.
Chairman, Department of Pathology
The Carilion Clinic
Roanoke, VA, U.S.A.

2007

INTERDISCIPLINARY CONFERENCE
Diagnosis and Treatment of Nonpalpable
Breast Cancers

László Tabár, M.D.
Professor of Radiology
Course Director

Program Objectives:

Having participated in this course, the physician should:

- Understand the subgroups of in situ and invasive breast cancer.
- Have competence in the differential diagnosis of breast diseases and guide the diagnostic workup.
- Understand the importance of new therapeutic options in early stage breast cancer.
- Understand the role of local and systemic treatment in the management of image-detected nonpalpable breast cancer.
- To facilitate constructive teamwork among the members of the diagnostic and therapeutic team.
- Appreciate the importance of weekly tumor board meetings and cooperation among radiologists, surgeons and pathologists.
- Understand the value and relationship of the main prognostic factors in order to predict the outcome of the disease.
- Having attended this course, the participants are encouraged to develop comprehensive breast centers and organize regular pre-treatment planning conferences

Febr. 8 - 10, 2007

Grand Hyatt Taipei

2 Song Shou Road

Taipei, Taiwan ROC

Tel: (886) 2 2720 1234

Room Rate: \$199.00 USD / NT\$ 6,500.00 per night,
plus applicable service charges and taxes

Book hotel room early, directly with hotel and identify yourself as being with the Mammography Education, Inc. group in order to receive group rate.

Phone: (480) 419 0227

Fax: (480) 419 0219

2007
INTERDISCIPLINARY CONFERENCE
Diagnosis and Treatment of Nonpalpable
Breast Cancers

László Tabár, M.D.
Professor of Radiology
Course Director

1st DAY

- 9:00 INTRODUCTION - L. Tabár
- A. Breast cancer: A progressive, heterogeneous disease requiring interdisciplinary diagnosis and treatment
 - B. 28-year experience with mammographic screening: What have we learned?
- 10:15 Break
- 10:30 HETEROGENEITY OF DCIS - L. Tabár, L. Tucker, B. Cady
- Introduction
- Overview of DCIS: genetics, evolution. relationship to invasive disease and treatment. Cady, B.
- Classification of DCIS subtypes, based on imaging appearance. Pat I.
- Faculty-faculty and faculty-audience interaction.
- Treatment of the [special subtypes](#) of DCIS.
- The role of large section histology in working up early-stage breast cancers - L. Tucker
- 12:00 Lunch
- 1:30 HETEROGENEITY OF DCIS, cont.
- Panel discussion on the diagnosis and treatment of DCIS subtypes. Part II.
- [Faculty-faculty](#) interaction using didactically grouped DCIS subtypes.
- The DCIS subtype presenting on the mammograms with [casting type calcifications](#).
- 2:30 Break
- 2:45 HETEROGENEITY OF DCIS, cont.
- [Faculty-audience](#) interaction on the DCIS subtype presenting on the mammograms with [casting type calcifications](#).
- 3:45 Break
- 4:00 HETEROGENEITY OF DCIS, cont.
- Panel discussion on the diagnosis and treatment of DCIS subtypes. Part III.
- [Faculty-faculty](#) interaction using didactically grouped DCIS subtypes.
- The DCIS subtype presenting on the mammograms with [crushed stone-like calcifications](#).
- 5:30 End of Day 1
-

2007

INTERDISCIPLINARY CONFERENCE
Diagnosis and Treatment of Nonpalpable
Breast Cancers

László Tabár, M.D.
Professor of Radiology
Course Director

2nd DAY

9:00 HETEROGENEITY OF DCIS, cont. - L. Tabár, L. Tucker, B. Cady

Panel discussion on the diagnosis and treatment of DCIS subtypes. Part IV.

Classification of DCIS subtypes, based on imaging appearance.

[Faculty-faculty](#) and [faculty-audience](#) interaction.

The DCIS subtype presenting on the mammograms with [powdery](#) calcifications.

Diagnosis, differential diagnosis and treatment.

10:30 Break

10:45 NONPALPABLE INVASIVE DUCTAL CARCINOMA.

A. Statistical overview. Histologic and mammographic heterogeneity - L. Tabár, L. Tucker

12:00 Lunch

1:30 B. New therapeutic possibilities in the treatment of primary invasive breast cancer - B. Cady

2:15 Break

2:30 Correlation of mammographic-histologic appearance with 25-year outcome - L. Tabár
Panel discussion: The role of radiotherapy in the treatment of mammographically detected, nonpalpable primary invasive breast cancer.

3:30 Break

3:45 C. Faculty-faculty, faculty- audience interaction on the diagnosis and treatment of mammographically detected, nonpalpable invasive ductal carcinoma using didactically grouped cases based on mammographic appearance.

4:30 Q & A session

5:00 End of Day 2

2007
INTERDISCIPLINARY CONFERENCE
Diagnosis and Treatment of Nonpalpable
Breast Cancers

László Tabár, M.D.
Professor of Radiology
Course Director

3rd DAY AM

8:30 THE NEED TO RE-EXAMINE AXILLARY NODE DISSECTION FOR EARLY STAGE BREAST CANCER - B. Cady

9:15 Break

9:30 DIAGNOSIS and TREATMENT OF IMPALPABLE, EARLY STAGE INVASIVE DUCTAL CARCINOMA, *special forms*.

A. Statistical overview. Histologic and mammographic heterogeneity.

B. Panel discussion on the diagnosis and treatment of mammographically detected, non-palpable stellate or circular tumor masses representing invasive ductal carcinoma subtypes, special forms:

Histopathologic / mammographic correlation with long-term outcome in

- * Invasive lobular carcinoma subtypes
- * Tubular carcinoma
- * Medullary carcinoma
- * Colloid / mucinous carcinoma - L. Tucker, L. Tabár

10:30 Break

10:45 The treatment of mammographically detected nonpalpable invasive cancers, special forms. Faculty-audience interaction using didactically grouped cases.

12:15 CLOSING REMARKS

12:30 End of Conference

ACCREDITATION

Mammography Education, Inc. is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

Mammography Education, Inc. designed this medical education activity for a maximum of **16 credit hours** in Category I of the physicians' recognition award of the American Medical Association.

Each physician should claim only those hours of credit that he / she actually spent in the educational activity.

CREDITS

We would like to thank the following companies for their support of the teaching seminars of Mammography Education, Inc:

Lake Varpan, Falun, Sweden

Big Sur, CA
